International Journal of Chemistry Education Research (IJCER) is a peer-reviewed journal which covering all aspect of education, including chemistry education, physic education, biology education and science education. The journal publishes original research papers, short communications, dissemination, and discussion of research, experience and perspective across a wide range of education, teaching, development, instruction, educational projects and innovations, learning methodologies and new technologies in education and learning. The IJCER journal is published in a year (semi-annual). IJCER journal is fully open access for scholarly readers.
